1. A campaign against the White Russians in Algiers has recently been started by Constantin Kravtchenko, President of the Union des Citoyens Sovietiques, and other Communist leaders such as Hussarenko (fmu) and Torski (fmu).
2. Every means is employed to prevent any social contact between the White Russians and the Soviet Russian colony and to discredit their activities and motives by attacking their morality, starting quarrels, and stirring up jealousies. The plan includes inserting damaging articles in the local newspapers and furnishing the police with reports on the activities of the White Russians in which the names of their leaders are mixed in with the names of Soviet informers in order to cast suspicion over the whole list.
